Newsletter & Online  
Survey Winners

Jess Hembree of Gore and Donald Sanders of Muldrow are winners of a \$25 bill credit for filling out an April survey.

## Cookson Hills Electric Cooperative Awards four Scholarships

The employees and Board of Directors of Cookson Hills Electric Cooperative support the educational goals of area youth by offering scholarships to college bound graduates planning to attend a state accredited school or technical school offering associate or bachelor degrees. The scholarships are solely funded by employee fundraisers and donations received throughout the year.

This year, Cookson Hills is pleased to announce the four recipients of the Herman Driscoll Memorial Scholarship.

Congratulations to Tristen Lawson of Keota High School, son of Darrell and Kim Lawson; Craig Chappell of Webber Falls Public Schools, son of Larry and Pam Chappell; Justin Doherty of Sallisaw High School, son of Michael and Cheresse Riggs; and Blake Wilson of Stigler High School, son of Chris and Lisa Wilson.

The students submitted applications and two letters of recommendation in the annual contest. The program is open to any graduating senior whose parents or guardians are members of Cookson

Hills Electric Cooperative.

The scholarship program was established in 1998 in memory of long time employee and General Manager of Cookson Hills, Herman Driscoll. Mr. Driscoll believed that education is of foremost importance to success.

For details on the scholarship program, visit [www.cooksonhills.com](http://www.cooksonhills.com), or call 800-328-2368.

## 2010 Herman Driscoll Memorial Scholarship Recipients

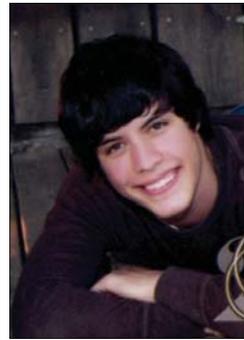

Tristen Lawson

**Activities:** Student Council, FCCLA, FFA, Basketball, Baseball, Football, Broadcasting, Yearbook. **Awards:** National Student Council Award, National Leadership Merit Award, All-American Scholar Award, Honor Roll, Football Dedication Award, Baseball Dedication Award, Basketball Best 3 point percentage Award, Class Rank 6 out of 32.

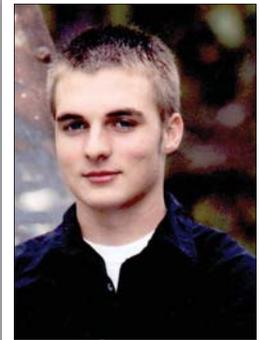

Craig Chappell

**Activities:** FFA President, Student Council Vice President, Academic Team, Basketball, Baseball, Volunteer Highway Clean Up, and works part time at Gore Tractor Sales. **Awards:** Superintendent's Honor Roll, Principal's Honor Roll.

Justin Doherty

**Activities:** Varsity Academic Team-Captain, National Honor Society, Student Council-Senior Representative, Immanuel Baptist Church Intern Pastor and Youth Ministry, Director of Encore Drama Ministries, (P.S.I.) Educator, Sallisaw Youth Coalition, Big Brother-Big Sister Mentoring, Varsity Track & Field, Athletes Helping Educate and Direct.

Blake Wilson

**Activities:** Basketball, Golf, Band, Technology Student of America (TSA), Fellowship of Christian Athletes (FCA), Students Against Drunk Driving (SADD), Focus Inspire Share Hook (FISH), Farm Hand, Tutor, Volunteer Stigler Chamber of Commerce.

### Hot Watts

is published monthly by Cookson Hills Electric Cooperative, Inc. *Hot Watts* informs members in parts of seven Eastern Oklahoma counties about Cookson Hills' programs and issues. Cookson Hills Electric Cooperative continually strives to provide quality electrical service at a reasonable cost for its members.

Brett Orme  
Director of Engineering

#### Cookson Hills Board of Directors

William T. Mills ..... President / District 4  
Joe Falleur ..... Vice President / District 3  
Kenneth Kelley ..... Sec.-Treas. / District 5  
William R. Wilson ..... Director / District 2  
Ellis Sappington ..... Director / District 7  
Rocky Woods ..... Director / District 1  
Joe Ogle ..... Director / District 6

Bill V. Wilkinson - Attorney

Larry Mattes - Editor

Cookson Hills welcomes members to submit photos, and articles which will be subject to Cookson Hills editing. Any submissions must be received before the 12th of the month prior to the publication date.

**If You Find Your  
Account Number Hidden  
in This Issue of *Hot Watts*  
You'll Receive a \$25 Credit  
on Your Electric Bill**

## Jeremy Baker Graduates OAEC Powerline Training Program

Cookson Hills Electric Cooperative congratulates Jeremy Baker on recently completing the Oklahoma Association of Electric Cooperatives Powerline Training Program. Baker's completion of the four-year program has earned him the certification of Journeyman Electric Lineman.

In order to become a Journeyman Lineman at CHEC, an individual must complete this four year apprentice training program, conducted through OAEC. The apprentice training program has been developed in cooperation with the Safety and Loss Control Department of the OAEC for use by member systems in the comprehensive development of their employees. The course is comprised of twelve units, each including on-the-job training, independent study and hands-on skills training conducted at regularly scheduled workshops.

Upon the successful completion of all twelve units and a passing score on the final exam, Baker has been issued a certificate approved by the US Department of Labor, Bureau of Apprentices and Training certifying that Baker has met the requirements for the OAEC Powerline Training Program and is certified as a Journeyman Electric Lineman.

(Left) Scott Copeland, Chairman of Safety & Loss Control Manager of Northfork Electric Cooperative, presents certificate to (right) Jeremy Baker.

CHEC linemen have shared in the growth and development of Baker by teaching and training him on a daily basis. CHEC is proud of the technical skills and abilities of its entire line crew.

## Optional Due Date For Residential Members

Are you on a residential rate? Is your electric bill due before you get paid? If you answered yes to these questions, you may want to consider switching to our new optional due date.

If you switch to our optional due date, your bill will be due by the first day of each month. You will also be required to remain on the new billing cycle for twelve months before being able to switch back to the original billing cycle.

#### The way the transition works:

- You will receive your regular monthly bill which is due by the 15th of the month.
- You will then be billed for approximately fifteen days usage which will be due by the 1st day of the following month.

If you are interested in the optional due date, we are prepared to work with you to ensure a smooth transition. For details, please contact your local Cookson Hills office.

## CHEC Right-of-Way Update

Cookson Hills Electric Cooperative has contracted with Progressive Solutions, LLC, to proceed with our annual brush control program on the right-of-ways.

Starting in July 2010, their crews will be selectively spraying the right-of-way under electric lines.

CHEC has contracted with Northeast Rural Services. NRS has been clearing right-of-way since April and will continue throughout the summer months.

CHEC publishes this information for you, the members, to be informed about the operations with your cooperative. Please be aware that the people working on your property are indeed doing work on behalf of CHEC. Please note that these contractor crews' vehicles should be identified by a company name or logo.

# Do you have a capital credit check to claim?

Cookson Hills Electric Cooperative is operated on a non-profit basis for the benefit of its members. This means any margins left over after Cookson Hills pays all its expenses, including taxes, belong to the members and not the cooperative.

Please look closely at the following list. If you find your name or the name of a friend or relative, please notify Sonya at 800-328-2368.

## CFL Improper Uses

One of the benefits of using compact fluorescent light bulbs (CFLs)—other than significant energy savings—is that each bulb can last up to 10,000 hours, if used correctly. While CFLs can fit into nearly any light fixture, they are not always a perfect choice. Consider these CFL “don’ts” to extend the life of your energy efficient bulbs:

**1** Don’t use a CFL in a fully enclosed, recessed fixture, as the heat will cause the CFL to work improperly. However, CFLs will generally work if the fixture is not completely recessed. Check the packaging to see if the CFL can be used in an inverted position.

**2** Don’t use a regular CFL with a dimmer switch. This will cause the bulb to burn out in days or weeks. Choose a CFL made specifically for use with dimmers.

**3** Don’t expect a regular CFL to produce three levels of brightness on a three-way switch. While a CFL will work properly on the middle switch, a regular CFL will not produce light like an incandescent bulb in a three-way switch. However, some manufacturers produce three-way CFLs.

**4** Don’t use a CFL where you turn the lights on and off a lot or leave them burning for just a few minutes at a time (like in the closet). Turning 1269000 the light on and off more than 20 times a day may negate the long lifespan of the bulb. CFLs are best for applications where the light will stay on for 15 minutes or longer.

**5** Don’t expose a CFL to the outdoor elements without a protective cover. Check the packaging for the range of operating temperatures.

**6** Don’t use a CFL in a fixture with a lot of vibration, such as a ceiling fan or in conjunction with a garage door opener. Vibrations can cause a CFL to fail.
